EDITORIAL

It is with great pleasure that I present the Volume 5, Number 2 edition of the FUDMA International Journal of Library Science and Information Management (FUDIJLSIM) which contains articles that cover a wide spectrum of Library Science and Information Management.

The papers published were duly considered, adjudged qualitative and fit for publication having been subjected to a blind peer review and assessment processes.

It is desired and hoped that this journal would continue to create a robust platform that would bring forth with researched articles, deepen intellectual discourse and professionalism in the field of Library Science and Information Management.

In view of the above, I request all interested contributors, especially the academics and professionals within and outside our shores, to send in relevant researched articles for consideration in our subsequent issues.

It is my pleasure to inform our authors and readers that this publication is both print and online respectively. Prospective contributors in the next issue (Volume 6, Number 1 of July, 2026) are enjoined to submit articles for necessary assessment and possible publication before the end of June, 2026.

I wish to express my unreserved gratitude to all the contributors who deemed it fit to publish in this maiden edition, while adhering to the FUDIJLSIM standards. My appreciation also goes to my colleagues on the Editorial Board and those who have contributed in making this dream a reality.

Ukashatu Hamza Musa PhD
Editor-in-Chief
